

AUSTRALIAN APPROVALS

- This mixer complies to Australian and New Zealand Standards AS/NZS 4400.
- The mixer has a 5 Star water efficiency rating under the WELS Scheme with water consumption of 6 litres per minute.

10 YEAR WARRANTY

- Frinks (15 year warranty applies to replacement ceramic cartridge, five (5) year parts and labour starting from date of purchase of product. After five (5) years, a further additional ten (10) year replacement ceramic cartridge warranty is applicable. This extended warranty covers the ceramic cartridge and applies only to the right-hand side. The guarantee only applies if the mixer is installed with pressure limiting valves.
- For the duration of the warranty, Frinks will provide a replacement ceramic cartridge and pressure limiting valve, with any such parts to be replaced, at no cost to the customer, either by repairing faulty components or by replacing the whole product with the same or an equivalent model where the balance of the warranty period from the original date of purchase will take effect. The replacement of the ceramic cartridge and pressure limiting valve will be provided without any charge to the customer.
- (b) cracks, tampering, incorrect repairs and repairs made by unauthorised technicians; (c) normal wear of components (non-return valve, membrane, etc.) and/or the use of non-original spare parts; (d) non-compliance with the technical instructions (f) freezing and/or other external factors.
- The guarantee only applies if a document proving the date of purchase is produced.
- The guarantee covers all the countries where Frinks products are sold, either directly or through an authorised distributor.
- This warranty is subject to the following conditions: (a) the mixer must be installed in accordance with the technical instructions; (b) the customer's data to the unavailability and/or non-use of the product.
- Any imperfections in the finishes or in the natural materials used should not be considered as faults but a typical characteristic of these materials.
- In the case of various accessible visible components and products requiring only minor rectification under guarantee, Frinks reserves the right to supply these on a "parts only" basis to the customer. Such articles may include accessories, aerators, hand sprays, hoses, handles, levers, knobs, washers and O-rings, etc.

IMPORTANT INFORMATION

- Flush out the tap **only** after connecting your new mixer.
- All mixers to be installed with isolating stop cocks.
- Tap must be installed with pressure limiting valves.
- Do not use this mixer for drinking water.
- This mixer is designed for domestic use only.
- Failure to comply will void all warranty.

Frinks has a service network in all metropolitan areas and most regional areas. Where the warranty claim has been made outside a radius of 100km from any store where the product can be purchased, the customer is responsible for the cost of delivery to the nearest service agent or the repair cost for a technician to travel to the location outside the store's service radius (not the company).

Should you require a replacement ceramic cartridge or pressure limiting valve, please contact your nearest Frinks service agent on 1300 307 808 or visit our website www.frinks.com.au. We request you save the following information close to hand in order to proceed as fast as possible.

- Model number of the tap.
- A copy of your original purchase receipt.
- Address details of where the tap is installed.

Any associated or ancillary costs to be incurred by you as a result of replacement or repair of Frinks taps under the guarantee shall, in all cases, be met by Frinks. Frinks will also provide under this warranty any additional or other rights and remedies available to the customer under the Australian Consumer Law.

YOUR STATUTORY RIGHTS

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or a refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

TECHNICAL INFORMATION

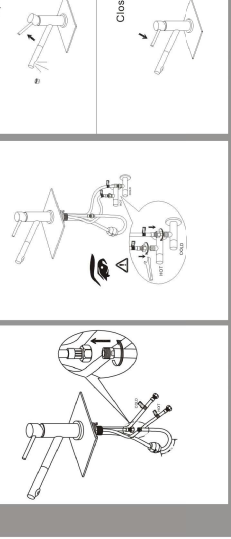

- Maximum hot temperature 80° (Recommended 65°)
- Maximum operating pressure 7,5 psi / 500 kpa
- Minimum operating pressure 7,25 psi / 50 kpa
- Ceramic cartridge

FRANKE CARE INSTRUCTIONS

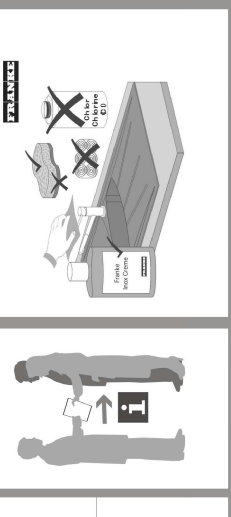

- Periodically clean the aerator filter;
- Do not use detergents, solvents, abrasion agents, abrasive sponges, wire wool or alcohol, etc. which would irreparably damage the surface of the product and ruin its appearance, shine and matt finishes;
- Clean with soapy water and dry with a soft cloth
- Do not use any abrasive agents, as they may have scratches which would damage the surface;
- Do not clean the tap when the water pressure exceeds 500 kpa (in this case pressure limiting valves are required);
- Rinse the water pipes before installing the tap.
